

STATE OF CALIFORNIA
CALIFORNIA NATURAL RESOURCES AGENCY
CALIFORNIA WATER COMMISSION

RESOLUTION NUMBER: 2010-01

RESOLUTION TO ADOPT THE EMERGENCY INDUSTRIAL
PROCESS WATER REGULATION

WHEREAS, pursuant to Water Code section 161, California Water Commission approval is required before any regulation adopted by the Department of Water Resources shall become effective; and

WHEREAS, pursuant to Water Code section 10608.20, the Department of Water Resources is required to adopt Emergency Industrial Process Water Regulations; and

WHEREAS, the Department of Water Resources had conducted five public workgroup meetings in the development of said Emergency Regulation; and

WHEREAS, adoption of said Emergency Regulation is critical in order for local water agencies to submit their Urban Water Management Plans by July 1, 2011 as required by Water Code section 10608.20; and

WHEREAS, the Department of Water Resources intends to adopt a permanent Industrial Process Water Regulation within 180 days of the adoption of the Emergency Regulation; and

WHEREAS, adoption of said Emergency Regulation will assist in meeting the overall requirement of achieving 20 percent reduction in urban per capita water use in California on or before December 31, 2020 as required by Water Code section 10608.16; and

WHEREAS, immediately upon adoption by the California Water Commission, this Regulation may be submitted to the Office of Administrative Law for review and considered for acceptance into the California Code of Regulations, Title 23, Division 2, Chapter 5.1, Sections 596, 596.1, 596.2, 596.3, and 596.4.

NOW, THEREFORE, LET IT BE RESOLVED that the California Water Commission:

1. Adopts the Emergency Industrial Process Water Regulation, as submitted by the Department of Water Resources to the California Water Commission at their meeting of November 9, 2010.

Signed:

Anthony Saracino, Commission Member
California Water Commission
